

ARTICLE III, Social Hosts [Adopted 12-3-2007 by L.L. No. 35-2007]

§ 214-12. Legislative intent.

A. This Legislature hereby finds and determines that, according to nationwide statistics, nearly 50% of teenagers have attended parties where the consumption of alcohol occurred and where parents were present.

B. This Legislature also finds and determines that the American Medical Association has reported that one out of three teenagers said it was easy to obtain alcohol from their own consenting parents, and on average they obtained alcohol three times in any given six-month period.

C. This Legislature further finds and determines that the Surgeon General has stated that young people who start drinking before the age of 15 are five times more likely to develop alcohol-related problems later in life.

D. This Legislature finds that the underage consumption of alcohol, whether at a large party or small gathering, poses a risk to the residents of Suffolk County, as minors who drink are more likely to engage in disruptive, loud, or even violent behavior.

E. Therefore, the purpose of this article is to deter the consumption of alcohol by minors by holding those over the age of 18 responsible when they permit the consumption of alcohol by minors at their residences.
